## **Restoring Old Images**

Bob Ihrig put on a great show this month. The attendance to the workshop was overwhelming. Did I count more than 10 laptops and about 20 people there? Once again a solid proof that there is real interest in the lecture/mentor series. Great job, Bob!

## **Bhutan Images June**

Caroline Statkus has a show at Park+Vine (1109 Vine Street) from July 27<sup>th</sup> to September 22<sup>nd</sup>. The Bhutan images she has shown so far at the club meetings have been spectacular. The show is sure to be a "must see".

## **Next Lecture Event**

Mogens Nielsen will be discussing the subject of White Balance on October Pictorial night. Just as a teaser, here are some of the questions we are going to answer:

- I have auto WB on my camera. Why do I need to bother?
- I can use Photoshop to fix the colors, can't I?
- Will shooting RAW be better for the WB or worse?
- Which WB correction method is the best, and why?
- You just lost me. What is WB all about?
