

# TRI-STATE IN FOCUS

Tri-State Photographic Society

August 23, 2007

One of the falls in Yellow Springs

## A new look A format change to the newsletter

We are making two changes to the newsletter format.

First you will notice that we have changed from the Windows Word format to PDF. This change will make it easier for us all to format the newsletter, publish and very importantly insure that we all see the pages the same.

Second, the PDF format will make it easier to insert and format images.

Everybody should have Adobe Reader in their computer. If not, there is a free download available on the ADOBE

The new layout will need a little fine tuning but by November we should be all set. Please mail any suggestions for things you like to see to [mmielsen@fuse.net](mailto:mmielsen@fuse.net) or share them with me in the club meetings.

In addition to the competition scoring and the information on programs, field trip and other membership information shared in the meeting, we will include images from field trips and from the competition. I will be requesting JPEG format files from you, More to follow.
